### He Considers President Dole Has Insulted President Cleveland.

WILLIS TAKES AFFRONT.

Washington, Jan. 20.—The President, in a brief note of transmittal, to-day submitted to Congress the latest correspondence relating to Hawaii. It comprises some brief notes of Minister Willis to Secretary Gresham, which are unimportant, but the chief features of it are the letters which passed between Minister Willis and President Dole, in one of which the Minister complains of the utterance of Dole, as reflecting on the President of the United States, and a letter from Dole in which he specifically inquired if Willis' instructions authorized the use of force. Both these matters ap-Por Victoria and Vancouver B. C.: pear to have been settled by the receipt of the last message of the President to Congress and the last in-

structions of Gresham to Willis. The most important part of the correspondence consists of a long letter from Willis to Gresham, containing inclosures of the correspondence between Dole and himself

"On Wednesday, the 27th ult., at 12 p. m., the steamship Oceanic ar rived, with newspapers containing the President's special message in full, together with instructions to Blount and myself. The message was reproduced in the afternoon papers under conspicuous headlines. At 4 p. m. the same day, I received four pages of a closely written letter, which I enclose, from Dole, the Minister of Foreign Affairs, asking to be informed, with the least delay. whether you [1] held instructions to enforce your policy with the use of

arms in any event. "The information desired, although fully embodied in the President's message, might have been asked for, and except for the remarkable statements contained in the letter would have been promptly and satisfactorily given in a few words. Confidentthat the charges, so surprisingly and unjustly made, could not be sustained, an answer | herewith Returning leaves Hilo, touching at Lau-pahoehoe same day; Kawaihae A. M.; Ma-hukona 10 A. Wednes-days and Saturdays. enclosed | was on the following (Thursday) morning sent to Minister Dole, asking that they be made

more direct and specific. "Friday morning, the 29th ult., I received another letter from Dole [herewith inclosed], in which he says: 'The special message of the Wednesday ..... Feb. 3 President of the United States has rendered any further correspondence on the subject of my letter of the 27th of December unnecessary, as Stmr. CLAUDINE. the message satisfactorily answers the question; but, he added, if you

I felt, therefore, that No Freight will be received after P. "Believing from the high charac While the Company will use due dili-gence in handling Live Stock, we decline to assume any responsibility in case of the ter and sense of justice of Dole, if he re-examined his letter, such would be the result, I wrote him the note, The Company will not be responsible for Money or Jewelry unless placed in the care of Pursers.

> was received. Having no answer up to Sunday night. December 31st. and having occasion to communicate with his colleague, Damon, upon another matter, I called his attention to the failure of Dole to reply to the note, which I explained to him was written with no unfriendly purpose, but was, as itself declared, for the best interests of all. He informed me the Advisory Council met the next day at 12 o'clock, and he thought the subject would then re-

ceive attention.

"Believing these charges, whether so intended or not, reflected very un justly upon the President, whose agent I was, at 6 p. m. on the same day (Monday, January 1st) I replied in the inclosed letter, asking that the desired specifications be furnished at the earliest convenience." Up to this hour. (Friday, January 5th) no reply has been received to this

request, nor have I any intimation when one may be expected. "My request for the specifications has been in the hands of the Minister of Foreign Affairs since Monday January 1st. at 5 o'clock. I had hoped to receive it in time to answer by the stemer Peking, leaving to day at 2, and especially as Thurston and Hatch, the late Vice President of the Provisional Government, leave to-morrow on the Australia for the United States. This delay in answer-

step taken by the representatives of our Government has been in the di rection of peace and good order. On the 13th of November, as is well known here, the greatest excitement prevailed in the Executive building The military forces were increased in numbers, and volunteer companies were ordered on duty at night These preparations were due, not to any fear of American intervention, but, as Damon, the Minister of Finance, called officially to explain, re-
